Resources for Human Resources

Communicate

Benefits are today's compensation. Make sure your value message stands out.

Empower employees to make informed decisions with our decision support tools. An intuitive interview style approach to benefits, ensuring employees are partnered with the best benefit options.

One size does not fit all. Tailor messaging to your intended employee or employee group with dynamic content and attention grabbing possibilities.

Responsive design allows employees to access their enrollment experience from any device. No need to hassle with app downloads, just click and enroll.

Manage

Eliminate variables with BeneMatrix, saving time to focus on what matters most - employees.

Why hassle with multiple systems? From ACA compliance, to new hires, life events, carrier files, and more. BeneMatrix has you covered - one system, one solution.

Our system is carrier agnostic so you have the flexibility to change carriers or other benefits at renewal, without requiring a whole new system.

Go paperless. Employee and group structure history, electronic document storage and more at the touch of a button.

Streamline

Long hours? Tight budget? Capitalize on our industry-proven ability to make life a little easier.

Complex plan design and rules? Our expertise has resulted in an ever-expanding library of off the shelf products, built and ready to go.

BeneMatrix's powerful versatility allows us to integrate with practically any payroll provider or HRIS system. Chances are, we've already integrated with them.

Clients receive the training and support they need from our in-house team of experts. Their goal? Provide benefit solutions, simplified.
